ABOUT THIS REPORT

This report examines the patient experience of GP Practices in Waltham Forest.

Service categories analysed include 'Appointment Booking' (the ability to get appointments), 'Getting There' (catchment and travel), 'Wait at Appointment' (waiting times and environment), 'Clinical Treatment' (quality of treatment including choice and involvement in decisions), 'Staff Attitude' (attitude of receptionists, clinicians & nurses), 'Administration' (back office/administrative functions) and 'Communication' (advice and information including language and sensory requirements). These categories have been chosen by GP Practice Managers.

The Coding

The comments have been coded using a nationally recognised coding matrix, which applies issue, care pathway location, and (positive, neutral or negative) sentiment. Quality assurance of coding is ensured through the Healthwatch Waltham Forest Patient Experience Panel.

The Tables

The Practices receiving the largest quantities of issues are displayed at each table. This means different Practices feature on different tables, dependent on how many issues have been received on any given topic. Please see Annex 1 for a full breakdown of Practices.

Disclaimer
